No More Drummer Boys. In the battle of Waterloo the English forces had over 90 drummer boys killed, and the French lost nearly 200. From that date on, the armies of the world began to dispense with drummers in war, and now no army has them. Silence in Its Majesty. Silence in all its majesty is found only in the savage. Captured, Toussaint L'Ouverture died without a word. On his rock, Napoleon chattered like a magpie—he wanted to explain. There is not a criminal who, when privileged to let his secrets fall into the reddened basket with his head, does not feel the purely social need of telling them to some one.—Balzac.

He Fired the Stick

"I have fired the walking-stick I've carried over 40 years, on account of a sore that resisted every kind of treatment, until I tried Bucklen's Arnica Salve; that has 250 healed the sore and made me a 2 00 happy man," writes John Garrett, of 26 95 North Mills, N. Latest in Fire Escapes.

A Swiss engineer has perfected a 3 00 new fire escape. It consists of a series 6 35 of folding iron ladders attached to the window frames. Each ladder reaches 19 09 from one window to the next one below it. By turning a crank on any floor all of the frames beneath are un-40 35 folded in less than a minute, and form a continuous means of descending to 3 00 the ground.
